**Indecomm Presents Robust Mortgage Solutions at MBA Conference & Expo 2016**

*Secure SaaS Technology Platforms and Outsourcing Services Address Cost and Risk Issues*

Highlights:

- Indecomm exhibits at MBA's 2016 Conference & Expo, Booth 309
- Indecomm technology platforms cover broad range of solutions for mortgage clients
- Indecomm focused on helping clients achieve growth objectives in a highly regulated environment

**Edison, NJ – October 20, 2016** – Indecomm Global Services, a leader in business process outsourcing, learning, and technology solutions, will present its expanded suite of business management solutions at the Mortgage Bankers Association's (MBA) Annual Convention & Expo 2016 during October 23-26, 2016 at the Hynes Convention Center in Boston, MA.

Indecomm will feature its wide range of outsourcing solutions for processing, underwriting, closing, collateral review, pre-funding and post-closing audits, closed loan due diligence, TRID review, and eLearning. Indecomm will showcase its latest technology platforms for income analysis, risk management, eRecording and final document management at Booth 309 of the Expo. Lenders, servicers, title settlement agents, and other mortgage professionals facing ever stricter regulations and a more challenging interest rate environment pressuring profitability will want to

attend the demonstrations of these outsourcing and technology solutions. Indecomm's technology platforms are available bundled in its outsourcing services or as SaaS (Software as a Service).

“We at Indecomm have led the way in platform-driven outsourcing solutions with a flexible delivery model,” said Rajan Nair, CEO, Financial Services Division, Indecomm Global Services. “Our commitment to making our vast technology capabilities and deep rooted expertise with OCR technology available to our customers has resulted in new efficiencies in operations and reduced errors at the critical phases of loan origination as well as improved compliance. Our perennial participation in this conference is a strong statement about our constant innovation and partnering with clients to improve their profitability and drive growth in this difficult compliance and regulatory environment.”

Indecomm's technology platforms reflect its deep domain expertise, which touches every critical aspect of the mortgage industry. These web-based solutions include:

- **Income Analyzer**

Electronically reads and analyzes borrower documents, extracts income data using OCR, calculates qualifying income for the loan, and provides alerts about underwriting conditions and errors

- **Kaizen<sup>®</sup>**

A complete risk management system that handles all aspects of loan reviews and audits and provides total transparency and in-depth reporting of the quality of loans being originated by the lender. Kaizen leverages OCR technology to automatically recognize over 125 mortgage documents in the loan file to automate large portions of the audits

- **ViewPoint™**

Provides real-time tracking of final document submissions from title agents and correspondent lenders, enabling firms to reduce business risk on loans

- **Inteledoc Direct™ with Recopedia, Indecomm's national recording toolkit**

eRecording platform with a toolkit providing current county specific requirements and fee calculation for all real estate document recordings

- **Publishing Portal™**

A total solution for managing policies and procedures that can be integrated with your network. The Portal is a corporate library solution offering hosting, version control, authoring and editing functionality, historical reference, and the ability to link to agency guidelines to ensure accurate and timely information is available throughout the organization.

- **Yellow Platter Learning Management System and Comprehensive Mortgage Library**

A learning management system, complete with content designed specifically for mortgage operations. Indecomm has combined its globally recognized learning technology and award-winning learning development team with its mortgage expertise to bring easily adapted SCORM compliant solutions, which are right off the shelf or fully customized content.

“Indecomm’s advantage lies not just in its technology platforms,” Nair said. “Our business structure right sizes the outsourcing process with a blend of onshore and offshore. The effect is multiplicative—the client receives a seamless business experience enhanced by the latest technology and supported by a global team of mortgage professionals. This conference provides an excellent forum for us to display our capabilities and hear from our clients about the challenges that face their business.”
