**FOR IMMEDIATE RELEASE**

### **Indecomm Reveals New Brand Identity and Website**

**Edison, NJ – Monday, June 8, 2020** – For over 25 years, Indecomm Global Services has been an industry leader in outsourcing services, Software as a Service (SaaS) offerings, and education for mortgage lenders. With the launch of its new brand, Indecomm reveals a new visual identity and website to reflect the evolution of the company’s technology solutions, products, and services.

As the mortgage lending industry evolves, Indecomm continually provides innovative solutions to meet the changing needs of its clients. This is specifically represented with the company’s new alignment of product focus on automation, outsourcing, and compliance solutions. Indecomm wanted the new brand identity to reflect its core values as well as its clients’ feedback on Indecomm’s strengths: ingenuity, agility, efficiency, innovation, reliability, knowledge, accuracy, and integrity.

The brand launch includes an updated logo, graphic style, and website, with a new layout and categorization of products. The new logo, a lotus flower, represents renewal, wisdom, purity, and transformation. While there is a new logo, the company’s tagline and its commitment to it, remains: Partnerships at Work.

“Staying true to who we are as a company, our new brand enhances our company’s message and commitment to innovation, perseverance, and excellence,” said Rajan Nair, CEO of Indecomm Global Services. “Our new website reflects the evolution of both our company and the mortgage industry, as technology and automation continue to be a key business strategy for lenders to streamline processes, improve efficiencies, and adapt to the changing needs of the marketplace and workforce.”

Indecomm is headquartered in New Jersey with over 1,200 employees worldwide. Indecomm services and solutions support every stage of the mortgage lifecycle with automation and software, outsourcing and project management, and compliance and education.
